Docket No.

CERTIFICATE OF RESERVATION OF ELECTRIC & TELECOMMUNICATIONS EASEMENTS

The spaces outlined by dashed lines and marked "Electric and Telecommunication Easement" are hereby reserved and easements for electric and telecommunication utility purposes, which include: (1) the right of ingress and egress across all lots, access areas and ways to and from the easement; (2) the right to cut down or trim any trees within the easement; (3) the right to trim or cut down any trees outside easement area within 10' of the closest conductor within the easement of a public way; (4) the right to cut down or trim any trees on private property that may be so defective as to present a hazard to the utility lines after reasonable notice to the property owner; (5) the right of any utility company using said easement to remove permanent structures or obstructions within the easement. No permanent structures shall be erected within the easement. Fences, shrubbery and gardens may occupy easement area at property owner's risk. The developer is to remove all trees that may interfere with the original construction of the electric lines and/or telecommunication lines to serve this subdivision.

(A) All property owner's electric utility service lines shall be underground at locations designated by Louisville Gas and Electric Company from L.G. & E.'s termination point throughout length of service lines to customer's building and title thereto shall remain in, and the cost of installation and maintenance thereof shall be borne individually by the respective lot owner upon which the said service line is located.

Appropriate easements are hereby dedicated and reserved to each property owner together with the right ingress and egress over abutting lots or properties to install, operate and maintain electric service to L.G. & E.'s termination points. Electric service lines, as installed, shall determine the exact location of said easements.

(B) The electric and telecommunication easements shown on this plat shall be maintained and preserved in their present condition and no encroachment thereon and no change in the grade or elevation thereof shall be made by any person or lot owner without the consent of the Louisville Gas and Electric Company and BellSouth Telecommunications, Inc.

(C) Easements for overhead electric transmission and distribution feeder lines, poles and equipment appropriate in connection therewith are reserved over, across and under all spaces (including park, open and drainage space areas), outlined by dashed lines and designated for underground and overhead facilities.

Above ground electric transformers and pedestals may be installed at appropriate points in any electric easement.

In consideration of L.G. & E.'s bringing service to the property shown on this plat it is granted the right to make further extensions of its lines from all overhead and underground distribution lines.

(D) Above ground telecommunication facilities and pedestals may be installed at appropriate points in any telecommunication easement.

NOTE:
Also the right to overhang lots with service wires to serve adjoining lots.

PROPERTY OWNER'S OBLIGATION

Certain improvements in this subdivision are required by the Metropolitan Subdivision Regulations as specified by an approved construction plan on file in the office of the Director of Works. It is the obligation of every property owner in the subdivision not to damage, alter or destroy those improvements and not to allow any condition or activity on his property that will impair the proper functioning of those improvements. For violation of this provision, the property shall be subject to the imposition of a lien for the amount necessary to remedy the violation which may be enforced in the same manner that mortgages are enforced, or persons responsible shall be subject to fine.

NOTICE OF BOND REQUIREMENT

After construction approval and release of the undersigned subdivider's bond by the Louisville and Jefferson County Planning Commission, the owner of any lot may be required to post a cash bond in the amount of $300.00 as a condition of obtaining a building permit pursuant to Section 2.70 of the Metropolitan Subdivision Regulations.
